SKATEBOARDS

FRONTSIDE FLIP

HYBRID CONSTRUCTION

BIOPOP GENETICALLY ENHANCED CONCAVE

all dNA decks feature hybrid construction and biopop genetically enhanced concave, both designed to maximize pop and durability.

hybrid construction is developed with two thin hybrid cross plies grouped with five hardrock maple plies. together they make a strong, long lasting deck that is thin and light.

biopop is a specially designed concave that is individual to each deck size. Joined with hybrid construction, it enhances the deck's pop and maintains it for a longer period.

Birth Place: Washington State
Lives: Encinitas, CA
Years Skating: 6
Sponsors: dNA, FKD, Matix, Pacific Drive, Clive
Tricks: all of them
Influence: Mark Appleyard

interview by Jason Maxwell

Morning.
What up, are you going to skate today?

Maybe.
What's the deal with riding your board backwards?
I don't know, more pop, stay on slides longer 'cause the nose is bigger. I don't know.

So you're angry a lot huh?
'Cause I'm always landing stuff sketchy.

Do you have a problem with god?
No he just... I don't think he likes me. I'm so confused about life.

What are you confused about?
I don't know, I'm still trying to figure that out.

Do you skate very much?
Every day, every second of my pathetic life.

What are your favorite tricks?
Bluntslides and switch back tails, god I have so many favorite tricks.

Where do you sleep at night?
In the canyon by my house or in my bed.

How many skate tickets have you had?
28... no joke, I've got to go skate San Dieguito ledges.

ACCESSORIES

MiniTool

2" x 2.5"

pocket sized tool kit containing all components necessary for complete skateboard assembly including:

- extended 3/8" socket for easy access to mounting hardware
- 1/2" and 9/16" sockets for trucks and wheels
- reversible phillips & allen head screwdriver
- socket extension with insert on tool bottom
- rough tool edge for sanding griptape edges

Unit Skate Tool

- 3/8 inch socket (hardware)
- 1/2 inch socket (wheels)
- 9/16 inch socket (trucks)

slide out allen head & phillips head screwdriver

Griptape

super fine grade pro black griptape

available in
- 9" x 33" sheets
- 25 sheet boxes
- 100 sheet boxes
